FOCUS + CLARITY + MEMORY + MOOD

## A Wonder Woman Brain for a Busy Absent-Minded Mom

"Juggling the demands of two kids and a job, I literally thought I was losing my mind until I found UNLEASHED. Within days of using it, I noticed an immediate difference in my concentration and focus, like my brain was finally awake. Within weeks, my ability to remember things, without writing it down, was like it was when I was younger. I'm so happy I found this product."

Linda S., California

Your brain is truly the most powerful organ in the body. It processes information 100,000 times faster than the fastest supercomputer. It can store up 2,500,000 GB of storage space, while your cell phone, for example, only holds 256 GB of storage. Nutrition is one important key to Brain Plasticity, which is the brain's capacity to adapt during your lifetime. Research shows you can boost your brain power with a targeted Nootropic-blend of Herbs, Adaptogens, high potency Antioxidants and essential B vitamins like the ones in UNLEASHED!

## BACOPA

Used for centuries in India, Bacopa is a highly regarded Nootropic Herb. Studies show it has superior ability to improving memory and learning, as well as mental health issues like depression and anxiety.

## ASHWAGANDHA

An Adaptogenic Herb and Antioxidant, Ashwagandha has been used in alternative medicine for 3000 years to reduce stress, increase energy and concentration. It's believed to promote an increase of dendrites, which are known to restore connectivity in the brain.

## GINKGO BILOBA

Ginkgo Biloba has been shown to help improve cognitive performance and memory enhancement in people of all ages. Research shows its strong Antioxidant properties may help to slow down the progression of age-related memory decline by combating oxidative stress.

## LION'S MANE MUSHROOM

Lion's Mane has been called nature's most effective brain food. This mushroom produces active Nootropics that stimulate NGF (Nerve Growth Factor), which is essential for helping the brain process and transmit information. Studies indicate it may help with brain plasticity related to improving short-term memory and learning.

## WHITE TEA

An Antioxidant and one of the best sources of catechins, White Tea may assist with improving memory and even slowing memory decline according to research. It also contains the highest concentration of L-theanine, an Amino Acid that boosts alertness and creates a calming effects at the same time.
